Advisory on the Use of Quarry Materials from Legal Sources in all DPWH Projects and Government Projects

Published: Friday, 20 February 2019

Pursuant to Department of Environment and Natural Resources Administrative Order No. 2010 - 21, this Office, recommends the use of quarry materials coming from legal sources in all DPWH projects. This advisory is being issued with the objective of helping execute the proper implementation of said rules and regulations, and to establish the legality of the source, before availing of said materials to be used in any of the government projects.
