### Economic Contribution

**Php 3.7 Billion or 2.0%**  
Estimated Gross Regional Domestic Product (GRDP) of Region V under mining and quarrying for 2018.

**Mining Investments**  
**US\$ 720,000 or Php 36 Million**  
(estimated, as of December 2000)

**Gross Output**  
**Gold: 144.74 MT valued at Php 167.53 Million** (production report from 1999 to 2015)

**Export**  
**Php 167.71 Million** (production report from 1999 to 2015)  
Total estimated value of gold. The minerals extracted by the mining company are being purchased by local markets in the country

**Employment**  
**103** (estimated, December 2018)  
average employed from 1999 to 2018  
While estimates vary, it is conservatively projected that for every basic job in the mining company about four (4) ancillary and indirect jobs may be generated in the upstream and downstream sectors.

The emergence of small enterprises/businesses in the host and neighboring communities due to the presence of mining operations in the area, and the livelihood projects supported by the mining companies, which generate both employment and income, cannot be discounted. These economic activities will naturally stimulate the local economy.

**Taxes and Fees Paid**  
**PhP 3.7 Million** (as of December 2018)  
Amount of national and local taxes, fees and royalties generated and contributed to the Philippine economy by operating mines in the province.
